Youths Joy Ride 18 Hours

City Car Among Five 'Borrowed' By 14 - Year - Olds

Two 14 - year - old Bryan youngsters included Cameron on their six - city joy ride in stolen cars early this week.

Police Chief Elvin Hoskins said that an automobile belonging to Joe Lee Heitmann, of Cameron, was taken by the Bryan youths in an apparent escapade that saw the duo take cars in Bryan, Cameron, Waco, Fort Worth and Temple.

Hoskins said Heitman's car was found in Waco, where it was abandoned in favor of another vehicle which the youngsters drove on to Fort Worth. It was reported missing about 5 p. m. Monday.

The pair called their parents from Rockdale, Hoskins said, and the Rockdale police were called by one of the boy's fathers, asking them to hold the youngsters until the parents could get to Rockdale.

The 18 - hour "shopping" spree began about 4 p. m. Monday when the two youngsters took a car in Bryan, drove to Cameron where they picked up Heitmann's car and drove to Waco. At Waco another car was taken on their way to Fort Worth where they apparently decided to return home, Hoskins said.

They drove a fourth auto from Fort Worth to Temple, where yet a fifth vehicle was picked up and driven to Rockdale by 9 a. m. Tuesday.

In all cases, Hoskins pointed out, the vehicles were parked with keys in the ignitions. He warned motorists in the Cameron area against parking their cars with the keys in them.

Negro, 34, Faces Writs Of Burglarizing Stores

Kids To Conduct UNICEF Drive Halloween Night

Children in Cameron and thousands of towns across the nation will share their Halloween fun with other children around the world.

Through the United Nations Children's Fund, Halloween gifts of coins will help children in more than 100 countries, officials of Cameron Council of Church Women annouced.

The drive is being sponsored 7 to 8 p. m. Monday by the local Council.

Cameron children will collect coins for UNICEF Halloween night Monday.

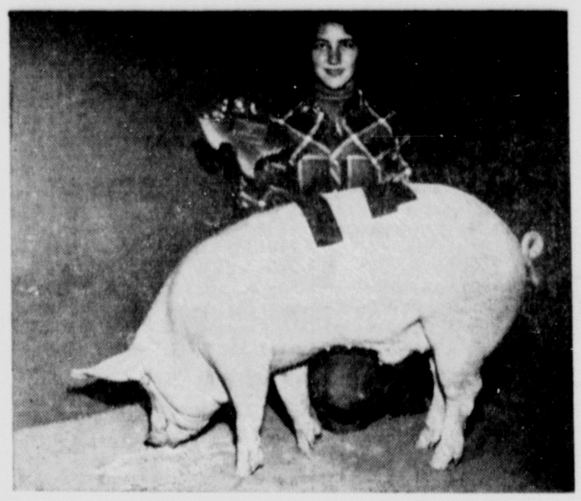
Gifts of pennies, nickles and dimes collected on Halloween will be converted by UNICEF into protective vaccines, milk, vitamins and other things to aid children, officials said.

Cameron children trick or treating for UNICEF will be carrying a container with an orange and black sticker on it and wearing a tag with the UNICEF symbol.

Residents wishing to aid the UNICEF drive will turn on their porch lights between 7 and 8 p. m., officials pointed out.

Each group will be accompanied by an adult.

Members of the First Methodist Church, First Presbyterian, All Saint's Episcopal and First Christian Churches are sponsoring the drive.



STATE FAIR WINNER — Pat Titsworth, shown above with her champion Yorkshire Barrow, won the award for Fitting and Showmanship at the Dallas State Fair.

J. T. Gates Signs Confession Here

A 34 - year - old Negro was in County Jail Thursday awaiting hearing on two burglary charges filed against him in connection with two breakins in Cameron stores.

Police Chief Elvin Hoskins told The Herald that J. T. Gates, 34, of Gause, Wednesday confessed to breakins at Safeway and Irving's in Cameron.

Hoskins said that Night Patrolman George McCall Tuesday night noted a Negro male attempting to break into Fred Lazek's liquor store in Santa Fe Town. But the man ran off. Tracks left in front of the store led to Gates and confessions on breakins of the two Cameron store.

Chief Hoskins and Deputy Sheriff Douglas Barron traced Gates to a house on North Jefferson St. about 8 a. m. Wednesday. They found shoes under the bed that fitted tracks outside the Lazek store, Hoskins said.

When confronted with this evidence, Gates signed a statement admitting to breaking into Safeway and Irving's in Cameron, the Cameron police chief said.

No bail had been set for Gates, who had just returned from prison about three months ago, Hoskins added.

The Safeway Store was broken into the night of October 14. About $50 worth of cigarets and meat were reported missing.

Irving's Dept. Store was hit two nights later, October 16. Store owners reported the loss of about $75 worth of merchandise that included about a half dozen wrist watches and nine shirts.

Hoskins noted that Gates said he sold some of the merchandise in Cameron.

City officers had been watching for the unknown intruder since the first burglary October 14. Both store breakins followed a similar pattern as the burglar would break glass out and enter the store.

Gates was not connected with any reports of prowlers in the Cameron area, Hoskins said.

Hoskins said that Gates was rooming in a house on North Jefferson St. though his address was listed as Gause, Texas.

Chief Hoskins said that he and Deputy Barron searched the house Wednesday morning, but found no evidence of stolen merchandise.

Yoe-Hearne To Compete Friday

The Yoemen eleven will invade Hearne Friday night in search of their second conference gridiron victory of the season.

Last week the Yoe won 30 - 21 over the Caldwell Hornets. Their season record is four wins and three losses.

The Eagles will field a starting offensive lineup that averages 167 pounds. The line averages 173 pounds and the backfield 160.

The Yoemen will appear with about the same lineup as last week though Stanley Kirk and Bobby Griswold will split more action with Bob Dumke and Roy Wohleb.

The Hearne club has a 0-2 record in district after riding high in pre - districts contests. Last week they lost to A & M Consolidated 45 - 0.

'Ol' With F. M. L. 101

The night of witches and goblins is upon us.

That would be Hallow'een and a Monday night of tricking and treating for Milam County youngsters. It will mean a knock on the door at most Cameron homes as the night of make - believe witchcraft comes to life.

Reference books tell us that Hallow'een dates back to Roman festivals in honor of Pomona, the goddess of fruit, and draws its name after association with All-Hallows Eve.

It seems that even earlier observances had something to do with the pagan celebration of a "day of Saman when the Lord of Death called together souls of the wicked," who had passed on during the past year.

101 - 101 - 101

Anyhow, it's a big night for the kids who don sinister - looking costumes and masks for the annual cleanup of candy and cookie supplies in their neighborhoods.

There will be numbers of them in school carnivals, parades and neighborhood parties throughout Cameron, Rockdale and Milam County communities.

So watch out for that ghost at the door. It may be your own.

101 - 101 - 101

A trail of stolen cars was one of the main news stories in the Cameron area this week. Just two years ago, two Fort Sill, Okla., soldiers escaped from the County Jail and left several stolen cars in their wake. This week, two Bryan youngsters, both about 14, "borrowed" six cars in six different towns before their escapade ended.

Guess it must be the season for stolen cars, late in October. Police Chief Elvin Hoskins advised that all six cars had their keys in the ignitions and made borrowing them an easy job. He urged that Milam County and Cameron residents remove keys from their car ignitions when parking them.

Doctor Relates Texas' History

Texas history was the subject of an address by Dr. Leroy M. Cochran, adminstrator of McCloskey Veteran's Hospital, Temple, before Cameron Lions Monday.

Citing Texas size (one-twelth of U. S. landmass), Dr. Cochran tracted the founding of settlements in 1520 - 1521 by Spaniards in West Texas to the year 1836 when Texas became a republic under President Sam Houston.

During four centuries since Texas was founded, Texas ancestors have lived under six flags: Spain, France, Mexico, Republic of Texas, United States and Southern Confederacy.

He said diversity best characterizes Texas, now populated by more than 9.5 millions.

Tom Phipps Dies In VA Hospital

Tom Phipps of Maysfield died October 23 in the VA Center, Temple. He was 63 years old.

Funeral services were held at 2 p. m. Tuesday in the Maysfield Methodist Church with the Rev. John Edgar officiating.

Burial was in Little River Cemetery.

Mr. Phipps was born November 4, 1896 at Maysfield and had been employed by Maysfield Merchantile before his retirement. He was a Navy veteran of World War I. Coke Phipps, brother, is his only survivor.

Pall bearers were Vaughn Thweatt, Donald Thweatt, Gilford Thweatt, Roy Weems, Tommy Gleason, Valter White. Arrangements were by Marek - Burns.

'Good Ole Days' In Centennial

Were they the "Good Ole Days?"

Maybe they were. Maybe not.

Anyway, readers of the Herald will have a chance to draw their own conclusion when the newspaper's Centennial edition appears next month. From its files The Herald has selected stories that will bring back the old days just the way they were.

Stories, for instance, about such things as:

The preacher -- and former Herald owner -- who preached a sermon in a saloon with the bar as a pulpit and his Bible lying on it flanked by his six - guns.

What happened when the first attempt was made to furnish the Milam County courthouse with a water supply.

The prominent Cameron lawyer who helped win an election by leading a group of citizens which stopped a train at Milano.

NM Fund Reaches 30% Thus Far

Drive Chairman Richard Moseley estimated the North Milam United Fund was about 30 per cent complete before the first official tally was made this week.

About 50 workers have been calling on local businesses for special gifts during the past week and one half. The drive started October 17.

Goal of the vital 1960 North Milam Fund drive is $11,500, Moseley pointed out, for seven participating agencies.

The seven participating agencies are: Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Texas United Fund, Area Charities and Library Fund.

The 1960 North Milam Fund drive will determine whether or not seven or more individual drives will be held in 1961, North Milam Fund officers emphasize.

North Milam Fund President Hinton Pruitt pointed out in a drive meeting last week that participating agencies would pull out and conduct separate drives next year if this year's United Fund effort falls short of the goal. Last year it was 55 percent complete.

Moseley said that Fund workers will contact all the citizens of Cameron. Once a pledge is made, a card will be pulled from the worker's file and the donor will not be contacted again.

Anyone desiring to donate, but who is not contacted during the regular drive should call Mrs. A. L. Lewis, 111 N. Houston St., or the Cameron Chamber of Commerce office, 203 S. Houston.

Drive officials appealed for generous support from the thousands of residents of North Milam County. He said that only 252 contributions to the Fund were made last year. The South Milam Fund had about 1500 contributions and exceeded their quota.

Hoskins Announces Staff Additions To Police Force

Chief Elvin Hoskins this week filled his Cameron Police Dept. roster with the employment of a former patrolman as relief officer and a Rockdale man as night radio dispatcher.

The new patrolman is George Dewey McCall, 56, of Rt. 1, Cameron, who has worked on the Cameron police force for about 16 months and noted 12 years police experience.

New dispatcher is Edwin John Brockenbush, 23, of Rockdale, Chief Hoskins said Brockenbush moved to Cameron over the weekend and began work Monday.

McCall joins Vernie Miller to complete Chief Hoskins patrolman force. Miller was employed about two weeks ago.

City, Merchants To Boost $ Day In Big Program

Twenty-three Cameron merchants will join in a Cameron First Monday Dollar Day starting November 7.

Special merchandise at special prices will be featured throughout Cameron on the Monday Dollar Day spectacular, Chamber Manager Jack DuBois announced.

Dollar Day savings will be featured in next week's edition of The Cameron Herald and other media.

The Cameron City Council has approved free parking in Cameron during Monday Dollar Day. Dollar Day has been on Friday for the past two years.

The Dollar Day effort is a special project of the Chamber Retail Trade Development Committee. John Schigut is chairman.

Dollar Day is a traditional savings day for Cameron and Milam County shoppers in Cameron.

Free parking on Monday and co-operative promotion of the Monday Dollar Day are new features of the savings day program for area shoppers.

St. Anthony Annual Carnival Is Tonight

The annual St. Anthony Parent Teachers Club Halloween Carnival will be held tonight (Thursday) beginning at 5:30.

The carnival committee promises good food, games, prizes and entertainment for every age.

Joe Hollas, 73, Buried In City

Joe F. Hollas, a life long resident of Milam County, died in a local hospital October 13.

Funeral services were held October 15 at 9 a. m. in St. Monica's Catholic Church with the Rev John Geiser and the Rev. Alfred Kallus officiating. Burial was in St. Monica's Cemetery.

A farmer, Mr. Hollas was born December 8, 1886 in Buckholts. He was a member of the Knights of Columbus.

He is survived by his wife, 2 sons, Ervin of Aliline and Clarence of Cleveland, Ohio; 4 daughters Mrs. Herman Bayer, Mrs. Hubert Jistel and Mrs. Alfred Barta, all of Cameron; and Mrs. Robert Foster of Manchester, Conn. and 15 grandchildren.

Pallbearers were Monroe Bayer Newton Barta, James Barta, Gerald Beach, Johnnie Marak and Ernest Bayer.

2 Cameron Men Fly To Spain

Two Cameron businessmen, Lester Byrd and Alton Fuchs, son of Ideal Hatchery owner Leo Fuchs, have returned from a five-day visit in Spain.

They visited Cayo Pombo Caller, owner of a 1,500 - acre irrigated farm near Ampudia De Campos, about 120 miles north Madrid, capital city of Spain.

Pombo learned of the H-3-W chicks, produced by the Cameron hatchery through trade journals and reports, and offered to pay travel fare to Spain for Ideal Hatchery representatives.

Fuchs and Byrd flew from Idlewild Airport in New York by jet to Lisbon, Portugal, where they flew on to Madrid.

Culmination of their visit with Pombo was signing of a franchise for the Ideal H-3-W chicks in Spain and Portugal.

Ideal also has a franchise with a dealer in Oudenaarde, Belgium, near the capital city of Brussels.

Miguel Martin, manager of Pombo's farm and hatchery, said he would visit Cameron next year.

While visiting in Spain Fuchs and Byrd were guests at several banquets and feasts.

Pombo operated both a large diversified farm and a hatchery. He will receive 11,000 chicks from these five months of 1961.

The two hatchery representatives attended the new England Poultry Producers Council in Syracuse, N. Y., before making the flight to Spain. Pombo was contacted at the New York meeting and his offer to fly the two men was accepted.

H. Fisher, Houston and seven grandchildren.

NMF Report . . . II

Scouting Is Fun, Learning

When you consider your contribution to the North Milam County United Fund, you may want to know what scouting means to this area since it is a United Fund agency.

Ask a twelve - year - old lad. He may not be an orator. He's probably right to the point.

Here's what one second class Scout in the Tejas district said in six words:

"I have fun and learn things"

Short? Yes, but the brief sentnce speaks for boys in 12 Scout units in North Milam County.

Cubs, Scouts and Explorers in the North Milam area have gone to camp, been hosts for the district swim meet, taken in the National Scout Jamboree, attended scores of weekly meetings, learned how to get along with nature, earned merit badges, gone to the Scout circus and learned safety at a local bicycle rodeo.

To provide these services, a professional Scouter living in Cameron covers a two - county area, the Tejas District of the Heart OTexas Council. Through monthly Roundtables for adult leaders, 56 training courses on the methods and skills of Scouting, a continuing effort to provide the organizations that boys want, camping at Camp Tahuaya, and continual work with advancement, this character building of the future leaders of North Milam County is maintained.

As of late September, approximately 50 units were active in the two - county district. Working with these hundreds of boys were some 400 adult leaders, serving in jobs ranging from Scoutmasters to members of the District Committee, governing body for the area. The committee is made up of representatives of each community in the area. Meeting regularly, it provides services to strengthen and help organize new units.

But the real work is done by the dozens of Cub Scout Den Mothers and Dads, Scoutmasters, Explorer Post advisors -- men and women who help provide the Scouting experiences that boys want and need.

Through a boy's eyes Scouting is fun, outdoor adventure and friendships. Scouting is an enjoyable game to him.

A boy becomes a Scout because he likes to hike, to camp, to play to learn how to do things. He likes Scouting because it's man - sized activity, geared to his size. For he is a man in the making, eager to grow up and to be treated now as an oncoming man.

Through the eyes of an adult, Scouting is a game with a purpose -- to prepare boys to be men. Scouting experiences develop character and health, mental alertness and manual skill, self-reliance, teamwork, and the desire and ability to help other people. In other words, Scouting is training for citizenship.

Milano Festival To Be Saturday

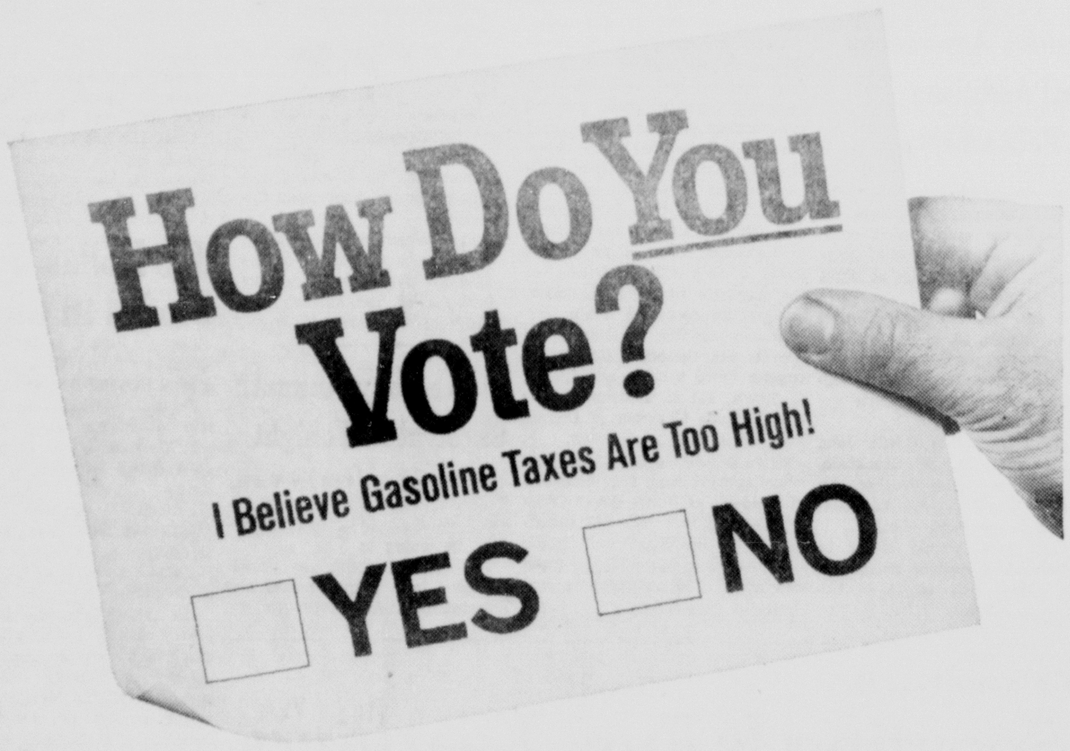
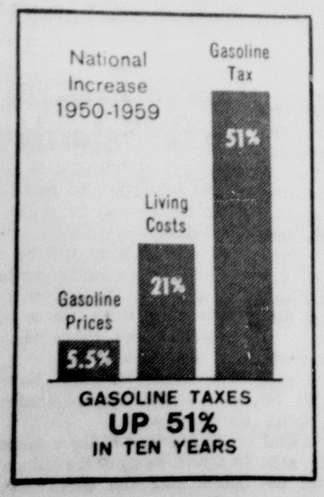
IN TEXAS YOU PAY 90¢ TAX ON TEN GALLONS OF GASOLINE!



HOW DID YOU VOTE?

No matter how you voted, these facts on gasoline taxes are important to you:



- Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a *50% sales tax*—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been *three increases in the Federal gasoline tax alone*. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon!
- In the last ten years gasoline *taxes have skyrocketed 51%*—yet the *price of gasoline itself has risen only 5.5%* during the same period!
- Each year the average motor vehicle owner in this state *pays $78 for gasoline taxes alone*. That's just a few dollars less than the average week's pay for most people!

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that *all* special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

The Gasoline You Buy Is Taxed Too HIGH!

Mr. K. Seeks Presidential Influence

Since Nikita Khrushchev left the U. S., things have settled down enough for the presidential candidates to claim the headlines normally reserved for them during a presidential campaign.

But Mr. K has done his damage at the height of public concern over domestic and international questions to be resolved in the November election.

For the first time, a foreign head of state has barged into the domestic scene to influence, at least indirectly, the turn of the voter's head.The influence was one of placing further doubt, not in one candidate or the other, but in the American system itself.

This was a diabolic influence. Knowing well the apparent balance of both candidates at the time of his arrival, he proceeded to drive a wedge of disbelief further into the heart of the United States, not unlike the methodical tirades he directed at the United Nations.

Though he labeled himself beyond retraction a man of unrelenting dictatorial ambition, he struck a sweltering blow on any kind of organized movement outside Commuism.

His appearances at the UN solidified Western allies against him and split Neutrals away from both East and West into a more decided third group of nations. It is perhaps too early to understand what this will mean in international politics. The U. S. once condemned international neutrals when Dulles was secretary of state.

Most of all, he hammered at the free redoubts of the United States, giving insecure Americans further basis for questioning their own strengths in our way of life.

What is most misunderstood about Khrushchev is the archaeic system he represents.

He has set Eastern Europe back 300 years by advocating Communism, arch protagonist of revolution as a means to power. Western civilization has spent 2,000 years evolving the free process of election by popular vote, not by violent overthrow or insidious infiltration. And yet this bombastic man and his orbit of nations hold sway over hundreds of millions minds, many millions of which are not behind the Curtains.

He would influence an American election by maintaining that the rest of the world, not Communism, is out of step. By his presence and implication he would have run for President of the United States.

Election Delaying Work Which Should Be Done Over The Country

Dear editar:

It's getting closer all the time to the election on November 8 and I heard a man on television last night say he'd be glad when it's here and past so the country could get some work done.

I don't know what part of the country he's talking about, but it's not my Johnson grass farm out here. I fail to see any connection between electing a President and me going to work.

I thought it was the other way around. When we elect a President, he's the one that goes to work.

One of the troubles with this country is that we take time off to elect an office - holder, then go back to work and forget about him till next time. I don't follow that precedure, I like to keep my eye on him all the time, and any man who can't look over the grass and weeds in his own crop to keep his eyes centered on Washington, is taking the type of short-sighted view that results in farm surpluses.

I don't intend to wor't any more after the election than I did before, and I'll say this, if whichever candidate gets elected works as hard running the office as either of them did running for it, the fur ought to fly in Washington.

One reason I don't think we'll ever have one government for the entire world is that no candidate for World President could ever make all the whistle stops around the earth. As it is now, Presidential candidates have three months from the time they're nominated till election day to crowd in every section of the country they figure they ought to show up in, and they still miss a good many; but if they had to cover the entire world, it'd take em five years to do it and by the time they'd gotten to the last country, the people in the first would have forgotten wnat they said.

The problem is too big for me. I'll be glad when the election is over, but not because I'm going back to work.

Yours faithfully,
J. A.

Mr. and Mrs. Leroy Massengale and Mrs. H. W. Massengale visited the L. A. Pettys of Sharp Sunday.

New Fence At State Hospital

AUSTIN — For years a high chain link fence marked the back boundary of the Austin State Hospital grounds.

Sturdy and forbidding, with inturned barbed wire at the top, it was a fence that suggested the plight of the people it confined. It was a depressing, prison - like, mile - long fence that parallel Lamer, one of Austin's busiest boulevards.

Now, each spring, Austinites make a point of driving out Lamar to see the mass of climbing red roses covering the fence. Today this long stretch of roses is a symbol of the change that has come to state hospitals during the past 10 years as a result of volunteer services.

University engineering students donated and planted the rose bushes. Thousands of people over the state have landscaped the grounds redecorated the dining halls and reception rooms, built swimming pools, given parties, conducted classes, wrapped gifts and in hundreds of other ways brought beauty and warmth to state hospitals and schools.

In its fall report, the State Hospital Volunteer Services Council shows that volunteers gave 163,904 hours of time to state institutions during the past year. Figured at only $1 per hour and adding in contributions of food, clothing, prizes, furniture, etc., volunteers enriched life in state institutions by more than $532,596 during the year. This does not count considerable sums collected for all - faith chapels at several schools and hospitals.

Last year 36,000 citizens went into 18 different state hospitals and schools to do volunteer work.

Impact of these volunteers is two - fold, says Miss Helen Colburn, coordinator of volunteer services for the State Hospital Board.

First, they help to create a pleasant environment which gives patients a better chance to respond to medical treatment.

Second the volunteers learn the problems of the hospitals and schools and are an effective force in educating the community as to needs and goals.

"State money can-t be spent for pictures or parties or swimming pools," said Miss Colburn. "It has to go for beds and food. But these other things are important. Patients respond to environment, and they respond to people. And they know the difference between people who are paid and people who come to help them out of sheer kindness."

Right now the volunteers are getting ready for their biggest undertaking of each year — Christmas. It means securing, wrapping and tagging about 26,000 gifts to keep up a three - year record of having a gift for each patient in the state system. It means decorations, trees, parties and caroling. In some cases it means seting up shops where patients can get gifts to send to their families -- often more ardently desired by the patient than a gift for himself.

RATE DECISION POSTPONED

State Board of Insurance voted 2 to 1 not to adopt a recommended 13.3 per cent rate increase in certain types of auto insurance.

Board members R. W. Strain and Ned Price said they wanted to study the new safe driving plan more before approving any rate changes. They have been at odds with Board Chairman Penn J. Jackson who has recently advocated abolishment of mandatory merit rating. To scrap merit rating, said Dr. Strain, would penalize the 70 per cent of drivers who earn a discount for good driving records.

Board also refused by a 2-1 vote to allow insurance companies to disregard penalties against drivers involved in accidents presumably not their fault. This must be decided by a court, said Strain and Price.

Very few drivers seem to mind paying higher accident insurance rates because they are involved in accidents. But many do resent the assessment of a penalty based on traffic tickets issued. Especially tickets they feel were not warranted.

Still others contend that they are insuring their cars against accidents and not insuring themselves against traffic fines. Therefore if they are paying a premium for fines they should be reimbursed for those fines.

LETTERS to the EDITOR

October 24, 1960

To the editor:

In the October 16 issue of The American Weekly a veteran Washington correspondent predicted the probable cabinet of both presidential candidates.

He likened Kennedy and Nixon to coaches and the cabinet members as their team. I, personally, am convinced as to which is the better 'coach.' But even if there were some doubt, I think there can be no doubt in the minds of any Texan who takes the time to study that cabinet line - up which is the better team for us as Southerners and as Texans.

Nixon has few if any Southerners on his probable cabinet. Ex Governor Tom Dewey of New York (help!) will likely be secretary of state, should Nixon be president, according to the report.

Others expected to fill places on the Republican team include: Charles H. Perry, Chicago industrialist and GOP platform committee chairman; Mr. Rockefeller; current secretary of treasurer, Robert Anderson, Ex-GOP chairman Leonard Hall; for agriculture, Fred Seaton, now Secretary of Interior; and the incumbent attorney general William P. Rogers.

In contrast, the Kennedy team is offering Chester Bowles with Adlai Stevenson, Averill Harriman, George Kennan and Sen. William Fullbright at the state department level; Sen. Stuart Symington and Sen Henry 'Scoop' Jackson at defense; Herschel Loveless, Iowa Governor, at agriculture with Gov. Orvill Freeman or Sen. Humphrey, Gov. Gaylord Nelson of Wisconsin and Gov. George Galbraith, well - known economist and author at treasurey; Rep. Edith Green, Rep. Frank Thompson Jr., and Archie Cox (Harvard professor) at labor; Gov. Abraham Ribicoff and Byron "Whizzer" White at attorney general; John Bailey, Connecticut politician at Postmaster General; Gov. Leroy Collins, Gov. Luther Hudges at Commerce; Sen. Clair Engle of California, Interior; and Gov. Mennen Williams at Health, Ed. and Welfare, And of course, Lyndon B. Johnson of Texas is the vice presidential candidate on the Democratic ticket.

As Gov. Daniel so aptly put it on TV Wednesday night "I'LL TAKE MY CHANCES WITH THE DEMOCRATS."

HURRAH For Roy Law

Prepared and Paid For By:
Mrs. Bill Storey

To Whom It May Concern:

In the October 20 edition of the Cameron Herald, Mr. C. R. (Roy) Law of Route 1, Box 186, Cameron, Texas, stated his position relative to the coming presidential election. Because of his grossly inaccurate statements and false inferences, **I would like to point out to Mr. Law, as well as other interested parties, that:**

There is no such thing as The Baptist Church. Individual (local) Baptist churches are independent, autonomous institutions and there is no organization or denominational agency which can legally or officially speak for them.

Only individual (local) Baptist churches could take such a stand against a political candidate as inferred by Mr. Law. This, to my knowledge, has not been done by a single Baptist church in the United States. The "attack" which many Baptist preachers are making is not against the candidate of the Democratic Party, but, rather, against the Roman Catholic Church which has a pronounced "split-personality." By its own statements the Roman Catholic Church claims to be, in addition to a religious institution, A sovereign government—a political entity."

Shortly after the statements of the Democratic presidential candidate, following his nomination, the official Vatican paper, "Observatore Romano" issued a statement which appears to give the feeling of Rome concerning a Catholic President: "The Church has the full jurisdiction over all the faithful and hence has the duty and right to **guide, direct, and correct** them on the plane of action. The Church has the duty and right to intervene even in the political field to enlighten and help consciences. A Catholic can never prescind the teachings and directives of the Church. In **every** sector of his activities he must inspire his private and public conduct by the **laws, orientation and instruction of the hierarchy."**

Jesus said "And ye shall know the **truth**, and the **truth** shall make you free." (John 8:32)

Nineteen Of Planned Brushy Creek Structures Completed

Construction of flood retarding structures in Brushy Creek watershed is progressing very satisfactorily. Nineteen of the 58 structures that are planned for the entire watershed have been completed. Construction is under way on five structures.

Of the nineteen structures that have been completed, four are located on Turkey Creek and one is under construction. All easements for construction have been secured on 26 sites. Clearing of easements is well underway on nine more sites.

The dams and spillways of the structures will be seeded and sodded to prevent erosion damage. To - date the dams and spillways on seven structures have vegetated and a good stand and grass cover has been obtained. Contracts for vegetation of additional structures will be let in December for work that is to be started next January.

Engineering surveys for channel improvement work are about complete on a segment of Lower Brushy from a point where Brushy runs into the San Gabriel river and extending upstream for a distance of approximately five miles.

After the survey has been completed for the proposed channel improvement work the landowners that will be involved will be informed on the work that is to be done and easements will need to be secured by the Brushy Creek Water Control Improvement District before any construction work on the channel improvement can be started.

The overall flood retarding program planned for Brushy Creek watershed consist of 58 flood retarding structures, 42 miles of channel improvement on Lower Brushy and Turkey Creek and complete conservation treatment of the land in the watershed.

U. S. Marine Corps Gives Opportunities For Air-Minded Men

Air - minded young men are advised that the U. S. Marine Corps is now guaranteeing aviation assignments to qualified applicants, according to Marine Recruiting Sgt. Frank Bukowsky of the Austin Recruiting Office.

"This current Marine Corps policy enables a few enlistees each month to volunteer for duty with Marine aviation," said Sgt. Bukowsky who visits Cameron next Thursday at the Draft Board from 2:30 p. m. to 5 p. m.

A young man guaranteed aviation duty is assigned to basic airman school after he completes 12 weeks of regular basic training at San Diego, California and 4 weeks of Individual Combat training at Camp Pendleton, Calif. From there the aviation airman is further assigned to schools or on the job training in one of the many aviation specialists, such as jet mechanics, aviation electronics, air control or aviation communications.

About one third of all Marines are assigned to Marine Air Wings according to Sgt. Bukowsky. The Marines have many gihter squadrons, transports and operate from carriers for helicopters.

Sgt. Bukowsky said that interested young men could contact him here on his regular scheduled trips, or anytime at the U. S. Courthouse, 200 8th St. in Austin.

Recapturing The Serenity Of A Time Long Ago

Sometimes on a quiet street of a sequestered village, one can sense the tranquility of yesteryear's simple life and sturdy virtues. Today's pace is faster, its problems more complex, but the church, so esteemed by our forbears can still cotnribute most importantly to our peace of mind. The church remains today as always, the keystone of happy contented living.

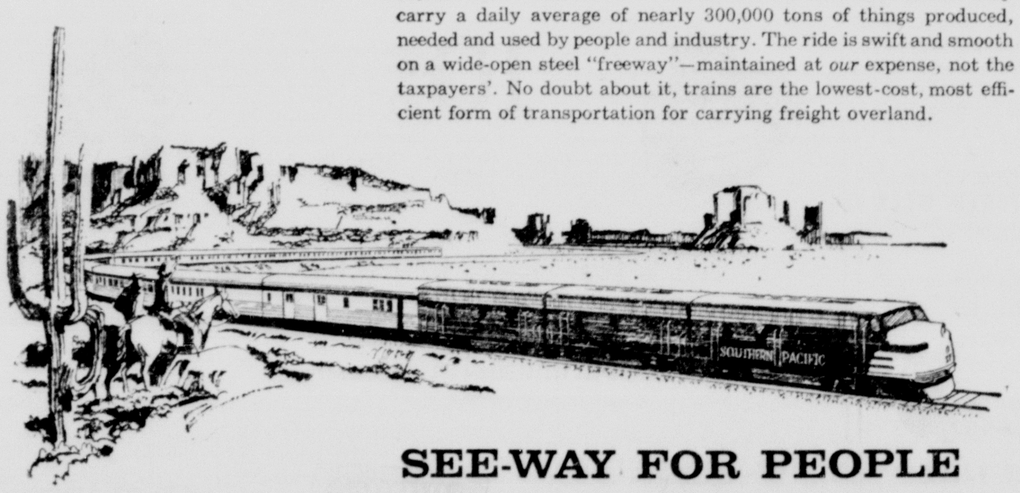
FREEWAY FOR FREIGHT

Every day an average of 725 freight trains roll over Southern Pacific's 14,900-mile rail network in 11 Western and Southwestern states. They carry a daily average of nearly 300,000 tons of things produced, needed and used by people and industry. The ride is swift and smooth on a wide-open steel "freeway"—maintained at *our* expense, not the taxpayers'. No doubt about it, trains are the lowest-cost, most efficient form of transportation for carrying freight overland.



SEE-WAY FOR PEOPLE

Take in the glamorama of the Southwest and West through the big, wide-angle picture windows of S. P.'s famous *Sunset*. Curl up in your comfortable Chair Car seat or Pullman room and watch the show go by... bayous, rivers, mountains, desert, cities. Relaxed surroundings for dining or refreshments and Southern hospitality throughout — every day, both ways between New Orleans, Lake Charles, Beaumont, Houston, San Antonio, El Paso, Phoenix and Los Angeles.

MRS. LADIS MAYER

Geraldine Schneider Wed To Ladis Mayer

Miss Geraldine Rita Schneider of Temple exchanged wedding vows with Ladis George Mayer, Rt. 1, Cameron, in a double-ring ceremony at 11 a. m. Saturday at St. Mary's Catholic Church in Temple.

The bride is the daughter of Mrs. Mary Schneider, Temple and the late Alois Schneider. The bridegroom is the son of Mr. and Mrs. V. J. Mayer, Cameron.

The Rev. Bernard Mahoney performed the ceremony before an altar flanked by seven - branched candelabra surrounded by greenery and accented with four arrangements of white chrysanthemums.

Nuptial music was provided by Mrs. I. V. Barron who played the organ accompanied by a choral group composed of Mesdames Clarence Sula, Alden Schiller, Johnnie Pavlica and Johnnie Fujtasek.

Bride's Dress

The bride was given in marriage by her brother, Marvin A. Schneider. She wore a floor-length gown of lace and silk illusion fashioned with a neckline outlined with sequins and seed pearls. The long tapered sleeves formed petal points over the hands.

Her two - tiered fingertip veil of imported French illusion fell from alace crown overlayed with seed pearls. The bride carried a spiral bouquet of white chrysanthemums centered with a yellow throated orchid and accented with satin pecot streamers. Her only jewelry was a single strand of pearls, a gift of the bridegroom.

Miss Margaret Schneider of Temple, cousin of the bride was maid of honor and the bridesmaids were Miss Dorothy Mayer of Austin, sister of the bridegroom; Miss Kay Hoelscher of Lubbock, cousin of the bride; and Miss Martha Mayer of Cameron, sister of the bridegroom.

The attendants wore streetlength dresses of gold taffeta fashioned with sweetheart necklines and elbowlength sleeves. Cocoa brown velvet cummerbuns formed rosettes in the back. The girls wore flower - crowned hats of cocoa brown with a circular noselength veil. Matching linen shoes and gloves completed the ensembles.

The attendants carried bouquets of bronze chrysanthemums outlined with velvet heart - shapes and accented with pecot satin streamers.

Flower Girl

Romona Sue Schneider of Temple, niece of the birde, was flower girl. She wore a dress identical to the bridesmaids' dresses and carried a nosegay of bronze chrysanthemums.

Wayman Richter of Cyclone served as best man. Groomsmen were Clifford Hoelscher of Cyclone, cousin of the bride; Anton Mayer of Austin, brother of the bridegroom; and Virgil Schneider of Cyclone, cousin of the bride. Ushers were George Schneider, Johnnie Richter, Joey Mayer, all of Cameron and George Bedrich of Temple.

Richard Schneider of Temple, brother of the bride was ringbearer.

After the ceremony a reception was held at Flag Hall. The bride's table was covered with a white cloth and centered by the three-tiered wedding cake flanked by the bouquets of the attendants.

Houseparty

Mrs. Arlene Gerngross and Mrs. Marvin Schneider presided at the guest register. Others in the houseparty were Mesdames Clarence Sula, E. J. Zurovec, Willie Kohutek, Wayman Richter, E. J. Geistman, Ernest Pfieffer, Robert Hoelscher, Arnold Bartek, Otto Schneider, George Schneider and Misses Irene Mayer and Annie Riposki.

For a weddng trip to New Orleans, La., the bride wore a brown jersey dress with orange and black accessories. Her corsage was the orchid from the announced plans for this workshop bridal bouquet.

The bride was graduated from Temple High School and is presently employed at Fort Hood. The bridegroom attended Cameron High School and served in the Navy. He is employed in Temple where the couple will live at 416 E. Garfield Ave.

Hare-Offield Wedding VowsReadInOklahoma

Before a background of greenery pedestal baskets of white cushion chrysanthemums and branched candelabra, wedding vows for Marianne Hare and Lt. Nathan Allen Offield were solemnized at 7:30 p. m. on October 15 in the First Methodist Church of Mangum, Oklahoma.

The bride is the niece of Mr. and Mrs. Charles F. Edmondson, Mr and Mrs. Burford Offield, Rockdale, Texas are parents of the groom.

Rev. Brodace H. Elkin, Tulsa, uncle of the bride officiated at the double ring ceremony.

Mary Kathryn Edmondson, cousin of the bride and Wanda Sue Offield, cousin of the groom, lighted the candles attired in dresses of loden green cotton satin fashioned identical to those of the honor attendant. They wore wristlets of bronze pompom chrysanthemums.

Mrs. Ripley Harris, organist, played the traditional wedding marches and accompanied Miss Mary Frances Heinen, Oklahoma City, as she sang "All My Love" and "This Is My Beloved" preceding and "The Lord's Prayer" following the ceremony.

Escorted to the altar by her uncle, the bride wore a gown of white satin brocade in ballerina length, fashioned in princess lines. The bodice featued a sabrina neckline and long tapered sleeves. The full skirt, worn over crinoline was accented at the elongated waistline in the back of roses of the dress fabric. Her fingertip veil of illusion was fastened to a white satin Dior bow and she carried a bouquet of glamellias.

Observing the tradition of something old, new, borrowed and blue, she wore a single strand of pearls, a gift from the group, an heirloom braclet belonging to her maternal grandmother and a borrowed English six - pence belonging t the cousin of the bride and a blue garter.

Mrs. Alan Coggins, Oklahoma City, was matron of homor and Glenn Von Rosenberg, Cameron was best man for the couple. Mr. Coggins, Oklahoma City and Lt. Clyde Oxford, Ft. Still, were ushers.

Mrs. Coggins wore a loden green cotton satin dress with bouffant shirt tight fitting three-quarter length sleeves and matching cummerbund. A Dior bow formed her headdress and she carried a bouquet of white chrysanthemums.

For her niece's wedding, Mrs. Edmondson chose a beige Coppioni silk suit with beige and brown accessories. The mother of the groom was attired in a beige brocaded satin sheath with matching jacket and brown accessories. Both wore corsages of bronze baby chrysanthemums.

A centerpiece of white chrysantemums and a four - tiered wedding cake decorated the serving table for the reception which followed in the Fellowship Hall of the church. The top tiers of the cake, separated from the base by white columns, were decorated with wedding bells, silver beads and lily of the valley. A floor length cloth of net over taffeta covered the table and appointments were in crystal.

Mrs. Weldon Spivey and Mrs. Fred Sellers presided at the serving table assisted by Mrs. Clyde J. Smith, Mrs. Emory Eagin, Mrs. Wade Tyler, Jr., Mrs. Joe McDonald, Ms. Foster Garrett, Mrs. W. H. Pierson and Mrs. Clyde Neil. Guests were registered by Miss Tom Johnson.

When they left on a wedding trip to Colorado and New Mexico, Mrs. Offield was wearing a walking suit in midnight blue wool flannel.

Mrs. Offield is a graduate of Mangum highschool and studied speech and drama at Oklahoma City University.

Mr. Offield received a BS degree in geology and BA in business from Texas A & M College. He is a lieutenant in the U. S. Army, presently stationed at Ft. Bliss, Texas. The couple will make their home in El Paso.

Arnett Zeliskos Attend Convention At Corpus Christi

Mr. and Mrs. Arnett Zelisko attended the 82nd annual Convention of the Texas State Teachers Association in Corpus Christi on October 20, 21, and 22 of last week.

Lierman Tallies Four Times —

Yoe Wins First District Contest, 30-21

A rebust Ed Lierman led the power - packed Cameron Yoemen to a 30 - 21 victory over the Caldwell Hornets there last Friday night. The game was the first district contest for the Yoe this year.

Lierman took control of the ballgame in the second quarter when he broke away for a 33 yard jog giving Cameron the ball on the enemies's 23 yardline. He tallied all of Cameron's 4 TD's.

An 18 yard pass from quarterback Carol Fikes into Lierman's awaiting arms accounted for the winners first tally.

Playing the game with a seperated shoulder bone received two weeks ago, there was some doubt of Lierman being able to hold up throughout the game, he was used only sparingly on defence due to the injury.

A shaky Yoemen defence in the first quarter kept Yoe fans worried as they watched L. J. Horak score the first TD of the game seconds before the first period ended.

The 47 yard touchdown drive started following a Cameron punt to the 47. Horak got a first down on a 15 yard gain. A 6 yard pick-up by him 3 plays later earned the Hornets another first on the Yoemen's 20.

A 3 yard loss, an 18 yard pass complete to Horak from quarterback Harold Satterwhite, and a 4 yard gain gave the Hornets a second down situation on the one yardline.

A handoff from Satterwhite to Horak over the right side was good for one yard and paydirt. The extra point was kicked over by Ben Trcalak.

The early part of the second quarter saw Franklin Horak douse a Yoemen rally by intercepting a pass on the Hornet 30 yard line. Earl Morgan teamed with Bobby Griswold to hold the Caldwell bunch and force them to punt out to Cameron's 32.

A 15 yard penalty against the Cameron set them back on their own 16 when big Ernest Bayer broke lose for a 30 yard jot to the 45 when he latter led to Lierman for an extra two yards on the play.

Fikes got 3 yards and Lierman gave the broken field running display of the night on a 33 yard jot to the 23. A pass from Fikes to Wohleb was good for 3 yards.

Two plays kept the pigskin at the line of scrimmage on the 18 yardline from where Fikes hit Lierman with the touchdown pass. Fikes hit Lierman again for the two extra points giving Cameron an 8 - 7 margin.

A 40 - yard drive that was stopped cold by Yoemen defencers led by Johnny Richter gave Cameron the ball on it's own 30. Fikes missed with two pass and lost 10, punting out to the 10 and ending the first half of play.

The Yoemen came alive in the third quarter scoring in the first two minutes of play on a 58 yard drive. Lierman accounting for 46 of the yards gained.

Lierman went over from the one yardline for his second of four touchdowns and Cameron's 14th pont. The PAT was an incomplete pass.

Satterwhite threw a 3 yard completion to Charles Matejowsky for a touchdown in the closing minutes of the third period. The PAT pass failed.

Ernest Bayer carried the return kickoff back to his own 48 where Lierman picked up 10, 20 and 10 yards on three plays.

A beautifully executed handoff by Fikes sent Lierman over right end from 12 yards out and a TD. Fikes ran over the extra points standing up.

Lierman reached paydirt for the last time on a 3 yard plunge off right tackle midway through the last period. Fikes ran over the extra points.

Cameron took possession of the ball following their kickoff when Bobby Griswold recovered a Hornet fumble. The Yoemen lost the ball on Franklin Horak's second pass interception of the night.

A 33 yard completion to L. J. Horak from Staterwhite kept alive the Hornet threat in the games last minutes. Matejowsky caught Satterwhite's pass for the extra points, rounding off the night's scoring at 30 - 21.

Matejowsky and Vic Barnett paced the Hornet tacklers while David Barkemeyer, Eugene Schattle, Earl Morgan and a host of others were responsible for Cameron's defensive plays.

After a tight first half that kept Yoemen football fans on the edge of their seats, the tension loosened and the local Yoemen came from behind to win their first conference football game of the season over the Caldwell Hornets 30 - 21.

A chilly Friday night provided the perfect football enviroment for a good number of Cameron fans that traveled thirty miles to Caldwell to witness the gridiron event.

Edward Lierman gave the fans reason for going to the game. After a slow first half, he teamed with quarterbacks Jimmy Woodom and Carol Fikes in an assortment of running plays that not only displayed his speed but that of a newly discovered talent, broken field running.

Fikes is a natural when it comes to swiftness but Big Ed was second to none dodging in and out of the hands of would - be - tacklers.

Early in the week Lierman had not hit hard in practice, due to a collar bone seperation received in the Taylor game and it wasn't known until the last minute just how much action he would see.

All four Cameron touchdowns were credited to him, one of them was on a pass; he also accounted for four extra points on pass receptions.

VOS

Most helpful to any team is the aid received from unexpected sources, such is the case of the Yoemen in the form of James Edwards and Johnny Richter.

Both boys are juniors and working on their first football letter. Edwards is a 154 pound tackle that has rapidly gained stature as one of the most rugged players to don a Yoe suit this year.

Richter, 145 pound, curly headed end is one of the surest tacklers on the squad and has "the touch of the masters hand" when it comes to laying pass receivers over backwards.

VOS

Bobby Griswold looked good in his first appearance Friday. Last year he was rated second all-district end and should rank high in recapturing the title.

Lierman Leads Yoe Backs With 605 Yds. Rushing

The Cameron Yoemen backs have totaled 1,603 yards rushing thus far this season. After seven games they post a 4 - 3 won - lost record.

Ed Lierman has 605 yards rushing to his credit and has scored 64 points. His average carry is 7.3 in 77 attempts.

Big fullback Ernest Bayer is number two man on the squad, statisticwise. Bayer has a 6.3 average in 85 carries. He's totaled 537 yards and has 42 points.

Quarterback Carol Fikes dropped off to a 5.6 average following the Caldwell game, due to a number of setbacks in the first half. Fikes has carried 62 times for 351 yards. He accounted for 4 points on PAT's to up his season total to 22.

Earl Morgan, smallest regular in the backfield at 140 pounds carried two times Friday night for 27 yards jot and picked up a 3 yard drive. HE raised his average to 6.5 and has a total of 65 yards in 10 attempts.

Hundred and twenty pound halfback, David Walston is averaging 4.3 in 7 carries for a 30 yard total. Amos Doskocil carried 3 times Friday night in his first appearance this year and gained 2 yards for a .6 average.

Craig Wallace has one carry to his credit that was good for 13 yards and Robert Eickenhorst has carried four times for a three yard total. Quarterbakck Jimmy Woodum has carried twice on keeper plays.

Food Supply Is Essential

PART III

The office of Civil and Defense Mobilization emphasises that after a thermonuclear attack, a most difficult task of survivors will be that of obtaining food and water without overexposing themselves to fall-out radiation. With this in mind it is important that individual families maintain a 2 week supply of food and water.

Mrs. Niley J. Smith and Mrs. Gus Evans Jr., members of the Three Arts Club, prepared shopping lists for their families needs over a two week period. They selected foods that would store easily, keep for months without refrigeration and would be easily prepared, and require little or no cooking.

Poultry Leads In Applied Science

By J. D. Moore
Milam County Agent

Poultry production leads all phases of agricultural production in applied technical knowhow. This super efficiency reflects in the return per dollar invested.

Since there are possible new egg producers who are not aware of the use of lights in the laying house, the following recommendations are worth repeating. With favorable egg prices this fall, every poultryman is interested in getting every egg possible from his birds. One way to do this is to lengthen the day through use of artificial lights. Here are suggestions for a lighting program: 1. Give 14 hours of total light per day. 2. Give the equivalent of one 60 - watt bulb per 200 square feet of floor space, 6 feet from the floor. 3. Keep bulbs and fixtures clean. 4. Make sure the lighting time is regular and consistent. Use time clock. 5. Use morning lights only for floor birds but both evening and morning lights for cage birds. 6. Grow pullet replacements without artificial light, to obtain maximum response from light in the laying house.

Speaking of new poultry producers, we salute Mr. and Mrs. Schlottman, who live just east of Rockdale on the place formerly owned and operated by J. Tom Williams. Mr. and Mrs. Schlottman started out earlier this year on page one, so to speak, in the poultry and egg marketing business. For example, one of the things Mrs. Schlottman learned was that every hen in the house would not lay an egg every day.

They have not only made good progress in the production of eggs but are doing an excellent job of merchandising their eggs.

Today, marketing of all farm products is becoming more important because people are better informed on grade standards through also highly developed communications, advertising media, etc.

It is encouraging to see young families so capably adjust themselves to highly technical situations.

Cattlemen To Meet For 63rd Convention In Salt Lake City

KANSAS CITY, Mo. -- The nation's NATIONALLY CERTIFIED livestock auction markets, through their national business trade association, have congratulated the American National Cattlemen Association on their 1961 convention theme: "Marketing Our Products". The leading organization of cattlemen will hold its 63rd annual convention in Salt Lake City, Utah, next Jan. 25 - 28.

Cameron Livestock Auction, Cameron is a Nationally Certified market, serving a wide trade area throughout the year.

C. T. 'Tad' Sanders, Kansas City Mo, administrative head of the National Association of Livestock Auction Markets, pledged that organization's support and emphasis of the full meaning of the theme in 1961 and years to come in livestock marketing and merchandising livestock products.'

In a letter to C. W. McMillan, Denver, Colo., executive vice president of the cattlemen's association, Sanders further stated, "On the basis of the development of our industr yas an integral part of the livestock industry, Nationally certified markets throughout the nation are launching a 'brand service' as meaningful as any 'brand name product.'

More than 2,000 cattlemen are expected to fully express the convention theme through their attendance in Salt Lake City and the program that is planned.

Record Harvest Of Turkeys, Cranberries For Thanksgiving

COLLEGE STATION — Farmers have produced another record harvest, filling Texas food stores with a bounty of good things to eat.

Turkeys and cranberries will be particularly abundant, reports the Texas Agricultural Extension Service, College Station.

These festive items, traditional for Thanksgiving Day dinners, head the November list of plentiful foods, as determined by the U. S. Department of Agriculture.

Also available in heavy supply throughout the month will be onions, cabbage, dates, pork, beef, potatoes, sweetpotatoes and vegetable fats and oils.

These items have been given the "plentiful" tag by USDA's Agricultural Marketing Service because supplies of each are expected to exceed normal demand.

Food markets throughout the state will tie special promotion efforts to national programs intended to encourage consumption. Consumers will reap the benefits of these activities, as plentifuls often are played up as weekend specials.

This year's turkey crop is estimated at 82.3 million birds, a new record. Heavy - breed birds are especially abundant. Many of these come from Texas' $15 - million turkey industry. New - crop cranberries also are from a record - large harvest.

Both beef and pork are on the November list to provide meat variety for hearty meals. Total meat production has been running considerably higher than a year ago.

Lack of limestone limits production on three - fourths of the soil in the East Texas Timberlands and on half of the soils in the Gulf Coast Prairie, says W. F. Bennett, extension soil chemist.

Farmers Home Says

Farm Loan Regulations Eased To Allow For Off Farm Employment

Farmers who have regular off-farm employment, if otherwise eligible, may obtain farm operating and development loans from the Farmers Home Administration, under the recently revised regulations of the agency.

William H. Gaston, Farmers Home Administration county supervisor for Milam and Burleson Counties, said the new regulation became effective October 1. Previously, except in rural development counties, a farmer had to spend most of his time farming in order to qualify for a loan.

Experience gained in rural development counties has shown that many farmers who are regularly employed off the farm can profitably use the Farmers Home Administration's credit facilities to increase the farm portions of their total incomes. The regulation, which had limited credit assistance to farmers who spend most of their time farming, prevented some from obtaining the maximum income from their farms and from taking advantage of opportunities for industrial and other off - farm employment.

Other eligibility requirements remain unchanged. Applicants must have sufficient farm experience to carry on sound farm operations must need credit and be unable to obtain financial assistance from other sources. As in the past, credit will be extended to only operators of farms that are family-type size or smaller. No loan will be made unless a plan for the coming year's farming operations shows income from the farm and other sources will be large enough to enable the farm family to have a reasonable standard of living pay debts and have an adequate reserve for emergencies.

Loan funds may be used to pay farm operating costs, purchase equipment and livestock, pay farm develoment costs and refinance certain debts. The interest rate is five percent. Repayment schedules depend upon the purposes for which funds are advanced and upon the estimated incomes from the farms. Usually, oans made for real estate purposes will be from funds dvanced by private lenders andinsured by the agency. Technical farm and money management assistance is supplied to each borrower to the extent necessary.

The Famers Home Amdinistration Office serving Milam County is located at 120 E. 1st Street, Cameron. The agency also supplies credit for farm housing and soil and water conservation.

Soil, Water Conservation Measures For Watershed Important To All

COLLEGE STATION — The increasing use of soil and water conservation measures for watershed protection has caused many people to ask, "Just what is a watershed"- Jack Barton, extension soil and water conservation specialist, explains that a watershed is the land area from which water drains to a given point.

Small streams have watersheds of only a few acres. This small stream and others like it run into a larger stream. These small streams and the land they drain make up the watershed of the larger stream. Watersheds of medium - sized streams make up the watershed of rivers.

Even the smallest watersheds are important, because their management, or mismanagement, affects everything living within the watershed area. Watershed management determines whether water is to be a friend or an enemy, Barton explains.

If water runs off the land too fast, it cuts gullies and carries off valuable topsoil. This soil along with other debris carried by the stream, can clog streams and lakes in the watershed below such sediment may greatly increase the cost of filtering water for home use and it an also interfere with hydroelectric plants. If too much water runs away too rapidly, it cause s a flood that damages farms, ranches, crops, homes and utilities, Barton continues. Also sediment ruins recreation, because clogged streams have very few fish in them.

On the other hand, water can be slowed down and used to advantage when needed soil and water conservation practices are observed over all the watershed. Terraces, stripcropping, more grass and legumes in crop rotations and imporved pastures are practices that make more water soak into the soil for use of crops and pastures. Also, water that is properly managed doesn't carry sediments to clog streams and other water supplies.

Barton says that more information on soil and water conservation and watershed protection and flood prevention can be obtained from local soil conservation district offices or from local county agents or the Soil Conservation Service.

"Soil and water conservation helps everyone."

Committee Plans Pecan, Food Show

By J. D. Moore
Milam County Agent

The Milam County Pecan and Food Show committee met recently and made plans for the second annual show, December 10 was set as the date for the show in Cameron, according to committee chairman, Anton Anderle.

Rules for the show agreed upon by the committee are:

1. Entries will be limited to Milam County.
2. Exhibitors may enter as many classes as they wish but are limited to one entry per class.
3. All entries must be at the show by 9 a. m. on Dec. 10 and remain in place until 4 p. m.
4. Pecan entries will become the property of the show.
5. Blue ribbon entries will be entered in the State Pecan Show.
6. All entries other than Blue ribbon winners will be sold and the proceeds will be used to help pay show expenses.
7. The pecans sold may be picked up at 4 p. m. the day of the show.
8. Pecan entries will consist of one quart of pecans, however a minimum of 15 pecans must be entered to constitute a valid entry.
9. Pecans exhibited must be from the 1960 crop.
10. Pecans must have been grown by person exhibiting them.

Pecan classes will include the following: 1. Heaviest pecan (named variety.) 2. Highest percent kernel (seedling). 3. Highest percent kernel (name variety.) 4. Heaviest pecan (seedling). 5. Most attractive pecan. 6. Best kernels. 7. Best other varieties. 8. Best seedling. 9. Best seedling of named variety. 10. Best collection of 3 varieties. 11. Best collection of six varieties. Grand Champion, Reserve Grand Champion, Grand Champion Seedling and Reserve Grand Champion seedling.

The purpose of the county Pecan and Food Show is to encourage pecan culture in Milam Co. The committee encourages families with just one tree to enter the show. Last year, Ronald Kostroun, a 4-H club boy from Marak community entered a sample of "Success" pecan that won Reserve Champion of the show. Mr. and Mrs. Frank Hanel entered a sample of native pecans that won the Grand Champion award for native pecans.

As a result of the Hanel's showing, a number of people have planted some of the Hanel pecans for future shade and pecan trees.

The committee urges those with pecans to select a good sample for the show.

Those attending the meeting were: Anton Anderle, E. J. Provasek, Mr. and Mrs. Alvin Dusek Mr. and Mrs. Frank Hanel, Mr. F. J. Karnowski, Pete Tumlinson, Mrs. Jerry Kostroun, Ronald Kostroun, Mrs. Frances Johnson home demonstration agent and J. D. Moore, county agent.

- SHERIFF'S SALE -

THE STATE OF TEXAS COUNTY OF MILAM BY VIRTUE of a certain Order of Sale issued out of the Honorable District Court of Burleson County, on the 17th day of October 1960, by F. A. Ellis, Clerk of said court against Rufus Jones for the sum of Sixteen Hundred Twenty One and 78-100 ($1621.78) Dollars and costs of suit, in cause No. 15,466 in said Court, styled R. J. Savage versus Rufus Jones and placed in my hands for service, I, Carl C. Black as Sheriff of Milam County, Texas, did, on the 18th day of October 1960 levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

All that certain tract or parcel of land in the D. A. Thompson Grant in the City of Rockdale, in Milam County, Texas, a part of Block 135 of said City, and being the same land described in a deed of trust from Ruffus Jones to E. J. Stokes, trustee, dated September 16, 1954 and recorded in Volume 105, page 91 of the Deed of Trust Records of Milam County, Texas, and having meets and bounds as follows:

Beginning in the North line of said Block 135, at a point 60 feet eastward from the NE corner of the Henry Curtis, lot, which point is the NE corner of a lot recently conveyed to Alberta West; Thence in an easterly direction, along the North line of said Block 135, about 80 yards, to the NE corner of the Alonzo Wilson lot; Thence down the branch with its meanders to the South line of the Alonzo Wilson lot, at a point approximately 70 yards from the North line of said block; Thence westerly, parallel with the North line of said Block No. 135 to the SW corner of the Alonzo Wilson lot; Thence in a northerly direction, along said lot line, to the SW corner of the lot sold to Alberta West; Thence in an easterly direction, parallel with the North line of said block 60 feet, to the SE corner of the Alberta West lot; Thence northerly 125 feet, to the place of beginning, and being what is known as the Alonzo Wilson lot.

and levied upon as the property of said Rufus Jones. And on Tuesday, the 6th day of December 1960, at the Court House door of Milam County, in the City of Cameron Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Rufus Jones by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Cameron Herald a newspaper published in Milam County.

WITNESS my hand, this 18th day of October, 1960.

Carl C. Black
Sheriff Milam County, Texas

I Give You Texas

By Boyce House

When I was a youngster, I associated greatness with winning. Therefore it was a matter of great surprise to me when, one season, the sports writers selected as the league's outstanding manager, Kid Eberfeld. His team was in last place.

What the sports writers were saying was that Eberfeld has almost no material and deserved the hono r of "manager - of - the year" for accomplishing something with little.

If winning were the only test, then the greatest general in history would be a man that most people never heard of -- the Duke of Marlborough, of whom it was said that he never besieged a city he did not capture, and never fought a battle he did not win.

But a leader may win because he has superior numbers or heavier guns or because of luck or because he is opposed by poor generals.

Napoleon is generally considered the greatest military genius of modern times -- yet he lost battles and died a prisoner on a rocky island.

Robert E. Lee is considered by many to have been the greatest general of the English - speaking races -- Theodore Roosevelt, for one, thought so? -- yet Lee lost battles and the Confederacy, for which he fought, fell.

As one philosopher expressed it, "Success if not in winning -- but in playing a poor hand well."

—

I didn't see "Giant" until I caught it at a second - run theater in Oklahoma City. The musical background is "The Eyes of Texas" and I expected it to be greeted with boos -- but it only reminded the Sooners of their numerous victories over the University of Texas football team. (Before 1958 and 1959!)

In another Oklahoma City theater, I saw a frontier movie of settlers and Indians -- and when the cavalry was riding to the rescue of the settlers, I was afraid to cheer.

—

Daniel Webster once found himself the only passenger on a stagecoach. The driver was a villainous - appearing individual who kept turning and looking back at Webster.

The passenger decided that the driver was actually a robber and at last said, "Why don't you go ahead and rob me?"

The driver exclaimed, "Rob you? I thought you were a robber."

—

There was an editorial writer who sometimes didn't feel up to writing an editorial. This usually occurred on a Monday. So he would clip out an editorial from another newspaper and write:

"What does our esteemed contemporary mean by the following?" And then would reproduce the editorial.

However he did this one time too many and lost his job.

Chevaliers Attend Funeral Services In Plainview

By Mrs. J. W. Meyer

Mrs. W. W. Chevalier and sons, Clifford and Ira Floyd Chevalier and her daughter, Miss Iris Chevalier of Austin attended funeral services in Plainview for her brother's wife, Mrs. Charlie Todd whose death resulted from an automobile wreck near her home at Plainview. Mrs. Chevalier's sons, Joseph Chevalier of Galveston; Mr and Mrs. Todd Thomas Chevalier and Barney Chalier of Houston attended funeral services in Plainview also. Todd, husband of the deceased who was with his wife in the wreck suffered a broken leg, cuts and bruises as a result of the wreck. However he has been released from the hospital.

Mr. and Mrs. B. M. McMillion have returned home from Newton Memorial hospital in Cameron where they received treatment the past week.

Arnold Glaser is receiving medical treatment at his home for a back injury. His son, Eugene is improving from a knee injury suffered recently in a football accident.

Seth N. Corley attended Baylor home coming at Waco the past weekend.

Mr. and Mrs. Richard Groppell and Mrs. Frank Haas spent the weekend in Waco visiting Mr. and Mrs. Frank Moeller.

Cards of Thanks

We wish to express our sincere thanks to our many friends for heir prayers, flowers cards and other acts of kindness during my stay in the hospital. Special appreciation to Dr. Swift, Dr. Crump and Dr. Baskin and the entire staff of St. Edwards Hospital.
